

# Workplace Consultancy, Commercial Office Fit-out & Refurbishment

We are a leading Workplace Specialist focused on improving the performance & effectiveness of your working environment.

We are interior fit out specialists, offering workplace consultancy, building appraisals, project management and cost control.

Bulb's specialty is redefining the workplace, creating inspiring, productive & effective working environments.

Our professional & customised service allows clients to bring their unique workplace ambitions to life. Our workspaces allow our clients to make the right impression, showing their best selves to the outside world. Whilst on the inside, the right workspace can enhance employee's motivation, wellbeing & business performance.
